

DARSHAN ACADEMY

Creating Generations of Peacemakers

A Chain of Public Schools in India & S.America

About Us

Darshan Education Foundation has been providing students with an excellent all-round education since the inauguration of its first Darshan Academy school in India in 1995. Today, twenty four schools are established in India and S.America. Darshan Academy runs pre-primary classes through to high school. Darshan Education Foundation has developed a unique holistic concept for schools that helps children develop their highest potential: spiritually, intellectually, emotionally and physically.

Education for a Peaceful World

Holistic Development to Help Students Develop all Areas of Their Being

Spiritual Curriculum and Meditation

Building Skills and Confidence

Award Winning Schools

Engaging, Excellent Learning Program for Quality Education

Encouraging Communication and Creativity

Using Knowledge to Help

Smart Board Modules

Our Goal

Darshan Education Foundation strives to provide an education that embraces all aspects of a child's being, enabling students to meet challenges and lead life with a knowledge supported by wisdom, ethical values, good decision-making skills, as well as equipoise and a respect for all life.

"Along with being able to make a good intellectual decision, along with being allowed to make a good physical decision, we have to make good spiritual decisions. What do we have to learn in life that will help us? We need to learn that if we have love in our hearts for everyone, then we will have a society in which people would behave as if others were members of their own family. If along with the intellectual and physical traits, the spiritual traits can be taught to children, then this world will become a place of peace, love, and unity."

- SANT RAJINDER SINGH JI MAHARAJ

The Founder Chairman of Darshan Education Foundation, Sant Rajinder Singh Ji Maharaj, established Darshan Academy with the vision of an education for a peaceful world. His practical guidance and inspiration has illuminated Darshan Education Foundation's journey from its first school to opening many schools around the world. He is the recipient of numerous awards for his efforts in education, peace and human unity, including five honorary doctorates, and the Illinois Institute of Technology Distinguished Leadership Award. He travels the world spreading the message of love, peace, and human unity, and teaches people how to experience a connection with their inner divinity through meditation.

Vision

Darshan Academy believes each child is a unique individual with a variety of talents and learning needs. Students are trained for life to be high achievers and good human beings. They learn goal setting, time-management and selfless-service habits. Students develop a resourcefulness and flexibility through which they can master and use new and rapidly changing fields of knowledge and technology. They are encouraged to see themselves as citizens of a global community whose prosperity and well-being depend on harmony and co-operation.

"We have a spiritual side and an intellectual and a physical side. We achieve a harmonious blending of all these when we become a fully integrated human being, then our own full potential is realized. Then, the inner energy is released. This brings about the maximum benefit to ourselves and to the world around us."

- SANT DARSHAN SINGH JI MAHARAJ

Spiritual Curriculum

Learning Life Skills and Meditation

Darshan Academy provides students with an education for inner and outer peace. For this purpose Darshan Education Foundation has developed a unique spiritual curriculum for nursery to grade 12. Students follow a daily lesson from the spiritual curriculum. Each day begins with a school-wide ten minute meditation period. Through the spiritual curriculum classes and meditation students learn to:

★ Find peace and happiness within

★ Use good health habits

★ Engage in selfless service

★ Know one's inner self

★ Focus on ethical values

★ Develop respect for people of all backgrounds

★ Use basic manners and polite social interactions

★ Take care of the earth, animals, plants, and nature

★ Meditate

★ Solve problems peacefully

Benefits to starting the school day with meditation:

Connect with inner wisdom

Calm

Reduce stress

Peaceful atmosphere

Relaxed

Learn faster

Bring Light into your life

More focused

Inner peace

SPACES THAT SPEAK

Whether it is in the classroom, the sports field, the science lab, or on the stage, our students strive for excellence in all that they do. Every day our students learn new skills, gain confidence, and are achieving their potential.

The purpose of spiritual education is to help humanity. Through projects in community service, helping people in need, and improving the ecological environment, students develop the concept of using their knowledge to make positive contributions to society. Darshan Academy provides fee concessions to students who need financial help.

The school celebrates special weeks related to Love and Service, Acts of Kindness, and Human Unity and Peace every year.

Students have cleaned parks, donated food to people in need, given free computer and math classes to under privileged children, sang songs in senior citizen homes, and organised a sports day for physically challenged children, etc.

Inspiring Seminars

Darshan Education Foundation hosts seminars to focus on the role of education in bringing about inner and outer peace.

Sant Rajinder Singh Ji Maharaj has delivered an uplifting keynote address at the seminars.

Overview of Titles:

- Enlightening Minds and Illuminating Souls, 2015
- Teach Peace Reach Peace, 2013
- Hearts Beating for Peace, 2012
- Building Bridges through Education, 2008
- Education for Harmony in a Diverse World, 2007
- Education for a Peaceful World, 2006

"If we can include some spiritual teachings in our educational systems throughout the world, then fifteen, twenty, or twenty-five years from now, we will turn out human beings who would have love and compassion in their hearts for other human beings. This would bring about an era in which people would try to help one another rather than accumulate as much as they can for themselves."

- SANT RAJINDER SINGH JI MAHARAJ
