## SUMMER HOLIDAY HOMEWORK 2021-2022

### CLASS-II

Holidays are time when you can connect with your child in many ways. As parents are the first and most important teacher for a child, you can encourage your child to participate in many educational activities at home and promote your child's quest to learn. Working together will not only help your child to build, learn, and develop skills but also strengthen your bond with your child.

**Note:**

1. Learn all the work done in all subjects from books and notebooks.
2. Do each subject homework on A4 sheets, staple them subject wise, and bring in a decorative folder.
