

Poems by Sant Darshan Singh Ji Maharaj, from Love At Every Step

Poem 1 Greetings to You, O New Year, Part 1

This moment in time has the message
of the poet on its lips:
Let this world become a temple of love and peace.
Let love and Truth illumine the world,
And the adversaries of peace awaken to its Light.
Life itself is restless for peace in the world.
Let its noble dream materialize.
May the garden be illumined with wave after wave
of Light.
May the wealth of love grow greater and greater
and enrich every heart.
This is the poet's message on the lips
Of this moment in time.
Greetings to you, O New Year.
Greetings to you, O New Year.

Poem 2 To the Beloved on the New Year

Let the New Year bring you all happiness
and prosperity.
May a ray of new hope awaken in every valley,
and the soul of the orchard
awaken every forest and desert.
May your passion, your zeal, your heart, and
Your vision transcend the horizons
of your dreams.
Let the flag of your good fortune every glisten
and be a harbinger of the blessings

of Providence,
And may the intense desire of your love
Remain ever alive.

Poem 3: Selected Couplets

Whenever I travelled
From earth to the milky way,
I met love at every step
And beauty in every glance.

We are communing with the moon and the stars,
But alas, we have not reached the heart
of our neighbour.

Hidden in my verses are a million heartbeats,
My soul gives voice to the sorrows of the world.

Heart to heart and soul to soul, that is a true meaning.
Passing each other, coming and going, is not even an encounter.

Poem 4: Greetings to You, O New Year, Part 2

Everywhere the desire increasingly grows
To forge a bright future.

Humanity itself is traveling toward the goal
of its dreams.

Life is in search of that smile of grace
that now radiates from the forehead
of its dreams.

What is that glistening smile on the cheeks
of the land?

It is the passion for human unity and love.

This is the poet's message on the lips
Of this moment in time.

Greetings to you, O New Year.

Greetings to you, O New Year.
